UH...
what a fucked up dream.
Brandon are you OK?
I brought you some water.
Don't want to get hungover at your new job. HAHA.

Like I just had a dream my boss was ripping me apart with huge claws because I puked in his car earlier.
BTW I puked in my boss's car.
WOW!
WTF does it all mean?

You mean he didn't fire you on the spot?
n..no, he said "be in by 9AM."
Look your probably just nervous!

Besides! The subconscious is weird, I've had fucked up dreams about us before. And we like NEVER FIGHT!
uh...OK whatever you say!
Can you make sure I'm up by 8??
